

APPLICATION PROCESS AT SUI

MEET the General Admission Requirements – All SUI Students

- Be a current resident of California (valid CA government-issued I.D. is required).
- Be at least 18 years of age by the end of the applicable application period (to be verified with individual's current I.D.).
- Provide documentation of eligibility to work in the United States.
- Provide proof of appropriate educational requirements such as:
 - Copy of high school diploma or
 - Official high school transcript showing graduation date or GED or
 - Official translated and evaluated foreign secondary diplomas by NACES-approved agencies.

MEET the Program Admission Requirements

Diagnostic Medical Sonography and Cardiac Sonography Admissions Requirements:

- Meet the General Admissions Requirements.
- Hold an associate degree or higher in any field or discipline.
- Complete (defined as receiving a grade of "B" or higher) college-level prerequisite coursework:
 - **Physics** (3 semester credits)
 - **English** (3 semester credits)
 - **Mathematics** (3 semester credits)
 - **Human Anatomy & Physiology** (6 semester credits)

Note: All courses must be completed by the end of the application window. SUI does not accept "Pass/Fail" or "Credit/No Credit" grades to fulfill admissions prerequisites. Courses must be a minimum of five quarter credits or three semester credits (with the exception of Anatomy and Physiology which must be six semester credits). All prerequisite courses together must equal 25 quarter or 15 semester credits. For more detailed information regarding prerequisite guidelines, see the SUI's Prerequisite Course Descriptions document located under the "Admissions" tab on our website.

MRI Technology, Radiologic Technology, Invasive Cardiovascular Technology Program Admission Requirements:

- Meet the General Admission Requirements.
- Program Prerequisites: None
 - Transfer Credit Guidelines
 - Courses are evaluated for transferability upon program acceptance and must be processed at enrollment.
 - To receive credit for the courses listed below, a letter grade of "B" or better must be completed within the last five (5) years from an accredited institution.
 - **Anatomy and Physiology** (6 semester credits)
 - ✓ For the MRI Program, the Anatomy and Physiology courses must total a combined 8 credits to be eligible for transfer credit.
 - **Medical Terminology** (2 semester credits)
 - ✓ For the MRI Program, Medical Terminology will not transfer if taken as a standalone course. Transferability is only granted when it is taken in addition to Anatomy & Physiology.
 - **English** (3 semester credits)
 - **Mathematics** (3 semester credits)
 - **Psychology** (3 semester credits - transferable to the MRI Technology program only)

Note: For more detailed information regarding transfer credit guidelines, see our Transfer Credit Guide document located under the "Admissions" tab on our website.

REGISTER for Program Updates

To ensure prospective students receive email communications related to their program of interest, register via the website:

- ➔ Visit our school [website](#), locate the "REGISTER" page, complete the Contact Form with your Primary Program of Interest and contact information, and click "SUBMIT."

RECEIVE Program Announcement Email

Applicants who are registered will receive a Program Announcement email when the application window opens. This email will include a Program Information Guide, which provides an overview of Sacramento Ultrasound Institute, details about the program, tuition and financial aid information, and a breakdown of the application process.

After reviewing the Program Information Guide, applicants will create an account in our Admissions Portal and submit their online application through this system. Once the account is created and the initial application is submitted, applicants will complete the remaining steps (7) outlined below. All steps will be completed and submitted online within the Admissions Portal:

STEP 1: UPLOAD California ID and SIGN Initial Documents

Applicants will be required to upload a valid California ID/DL card. During this step, applicants will then be prompted to review and sign the following initial documents through our student information system: Physical Demand Form and Distance Education Survey.

STEP 2: VERIFY Education

Based on the program for which they are applying, applicants must verify their education according to the Program Admission Requirements outlined above.

- **High School/GED Education Verification (All Programs)**
 - Requirement can be fulfilled by submitting either a high school diploma, GED certificate, or *official* high school transcripts.
 - If using a high school diploma or GED certificate to fulfill this requirement, applicants must scan the document and upload it directly into the Admissions Portal.
 - If using *official* high school transcripts to fulfill this requirement, electronic transcripts are preferred and must be sent from the institution directly to transcripts@sui.edu.
 - SUI cannot accept transcripts directly from applicants, with the exception of in-person delivery of sealed transcripts.
- **Post-Secondary Education Verification (DMS, CS, and Transfer Credit Purposes)**
 - Requirement must be fulfilled by ordering *official* transcripts that include degree conferral. If the degree is not listed on the official transcript, the applicant must then submit a copy of the degree awarded.
 - Electronic transcripts are preferred and must be sent from the institution(s) directly to transcripts@sui.edu.
 - If submitting coursework for transferability evaluations (MRI, RT, & ICVT), official transcripts must be sent from the institution(s) directly to transcripts@sui.edu.

STEP 3: COMPLETE FAFSA Application and MEET with Financial Aid

All applicants must complete their FAFSA application for the applicable academic year(s). Please note that FAFSA processing can take up to two weeks, and our Financial Aid team cannot calculate eligibility estimates until FAFSA applications are received. When completing the FAFSA application, students should use SUI's school code: **042537**.

Applicants who do not plan to use FAFSA and intend to pay out of pocket should email financialaid@sui.edu to notify the Financial Aid team. Here, applicants will still be required to meet with the Financial Aid team (to fulfill Step 3 in the process).

During the application process, all applicants are required to meet with our Financial Aid Team by attending one of the mandatory Financial Aid webinars. Multiple dates and times will be available, and all sessions are held virtually via Zoom. The purpose of this initial meeting is to provide clarity on estimated financial aid eligibility, review available payment options, and answer any applicant questions. Admitted applicants will later participate in more in-depth meetings with the Financial Aid Department as part of the full enrollment process.

STEP 4: TAKE SUI Entrance Exam

The Entrance Exam is built directly into the SUI Student Portal and will be completed online through a proctored system. Applicants are given two attempts to achieve a passing score of **24** or higher.

The assessment is 8 minutes long and consists of 30 multiple-choice questions covering verbal reasoning, logical and deductive thinking, mathematics, science foundations, and general knowledge. Assessment results are provided immediately upon completion.

If a second attempt is needed, there is a 24-hour waiting period between attempts. Applicants who do not pass after the second attempt will be required to wait one year before reapplying to any program at Sacramento Ultrasound Institute.

STEP 5: ORDER Background Check

The link to order the Background Check order is built directly into the SUI Student Portal. Applicants are encouraged to complete this step as early as possible, as processing can take 7–10 days. Sacramento Ultrasound Institute cannot admit students into its programs without a clear background check.

- All background checks must be ordered through the link within the SUI Student Portal; SUI does not accept background checks completed through external vendors.
- Applicants are responsible for covering the cost of the background check.

Note: Any record found on the background check will result in disqualification from the application process, as clinical placement cannot be guaranteed in those circumstances. If an applicant has concerns about eligibility to sit for the applicable registry examination, we strongly recommend contacting the Ethics department of ARRT, ARDMS, or CCI.

STEP 6: SUBMIT Application Documents

Applicants must upload the following documents to our student information system:

- **Resumé**
- **Statement of Intent**
- **Two Recommendation letters**
- **Physical Examination Form**
- **Pre-Clinical Requirements**
 - MMR (Measles, Mumps, Rubella) – Submit proof of 2 doses or positive titer
 - Varicella – Submit proof of 2 doses or positive titer
 - Tdap - Submit proof of vaccination (no titer accepted); booster required every 10 years
 - Hepatitis B – Submit proof of (at minimum) the first dose in the three-dose vaccine series
 - Health Insurance – Submit a scanned copy of your insurance card

Note: If admitted, additional clinical requirements may be needed, including (but not limited to): Hep B (additional doses), Flu, TB screening, COVID-19 Vaccination, drug screening, and an additional background check.

STEP 7: COMPLETE Financial Aid Payment Option Survey

Applicants must complete the Financial Aid Payment Option Survey to indicate their preferred payment plan in the event of admission.

Note: Responses and selections made in this survey do not impact Admissions' decisions.

ATTEND the Group Interview

All qualified applicants who complete the entire application process will then receive an invitation to register for a Group Interview time slot. The interview will be conducted virtually via Zoom and will include approximately 7-12 applicants. A panel of 2-5 SUI staff members will be present to facilitate and evaluate the session.

RECEIVE the Application Status Update

Application status will be shared via email, based on the program application window timeline. Final admissions decisions are determined by the following evaluative criteria:

- Healthcare Background
- Post-Secondary Education
- Entrance Assessment Score
- Submitted Application Documents
- Admissions Evaluation
- Group Interview Performance

COMPLETE the Onboarding Steps for Enrollment

Students accepted into the program must be prepared to attend the mandatory Campus Tour, submit additional immunization and vaccination records, complete enrollment documents and financial agreements, and attend the mandatory New Student Orientation before the program start date.
